

## INDIANA'S SIGNATURE WINE

**Time to explore a floral, inviting and versatile wine, Traminette!**

Grown and served at over half of Indiana's wineries and vineyards, Traminette's hardiness in cold weather makes it an ideal grape to grow in the Midwest.

It can be finished into a variety of different white wines, including dry, off-dry, semi-sweet, sweet, sparkling or ice wine styles!

**TASTING NOTES:** peach, mango, pear, rose, apricot, citrus, floral, orange blossom, melon, pineapple, spicy, honey, passion fruit and more!

**PAIRINGS:** Serve with rich, spicy, and Asian or Mexican inspired dishes! Pairs well with dry cheeses like gruyere and fontina.
